

BUCKEYE HYBRIDS CORN Product Index

Hybrid	Trait	RM	Ear Type	Planting Pop.	Test Wt	Early Plant Vigor	Stalk	Root	Drought Tolerance	Ear Ht	Plant Ht	Plant Health	Fall Intactness	Comments
4659	Conv	106	Semi-fix	29-39	VG	VG	VG	EX	G	Med	Tall	G	VG	Exciting yield for an early hybrid. Performs well on light and dark soils. Very good early vigor and nice standability.
4764	Conv	107	Semi-flex	29-36	AVG	AVG	G	EX	AVG	Med	Tall	AVG	G	Strong performance across years. Consistent ear size down the row, with good performance in light and dark soils.
4883	Conv	108	Semi-fix	28-38	VG	VG	G	G	G	Med	Med-Tall	VG	VG	Impressive yield potential with very good test weight. Strong seedling growth in the spring and attractive fall appearance.
5015	Conv	110	Semi-fix	29-38	G	VG	VG	EX	VG	Med	Med	VG	VG	With deep kernels, this hybrid has shown consistent performance in dark and light soils. Strong agronomic package and good fall appearance.
5240	Conv	112	Semi-flex	28-38	VG	G	VG	G	VG	Med	Med-Tall	G	VG	Workhorse hybrid on light soils with high yield potential on the dark soils. Very good standability and test weight.
5396	Conv	113	Flex	27-33	G	G	G	G	G	Med-high	Tall	G	G	Large girthy ear, big plant structure, and high yield potential. Silage "king" with high tonnage and excellent digestibility.

Non
Herbicide
Tolerant

GT8800	GT	108	Semi-flex	28-37	G	G	VG	VG	VG	Med	Med-Tall	VG	VG	Semi-flex hybrid that works well on dark and light soils. Excellent stay green and fall intactness. Stalk and root strength are very good.
--------	----	-----	-----------	-------	---	---	----	----	----	-----	----------	----	----	--

RR 8748	SS	107	Semi-fix	29-39	VG	VG	VG	EX	G	Med	Tall	G	VG	Impressive staygreen for its maturity. This hybrid will do well on high ground and black soils. Very good stalk and roots.
RR 8640	SS	109	Semi-fix	28-38	VG	VG	G	G	G	Med	Med-Tall	VG	VG	High yielding product with good early plant vigor, strong disease ratings, and test weight. Excels on better soil types & will respond to high management.

Conv = Conventional Non GMO

GT = Agrisure® Glyphosate Tolerant

SS = SmartStax® RIB Complete®

AVG = average

G = good

VG = very good

EX = excellent

BUCKEYE HYBRIDS CORN Product Index

Hybrid	Trait	RM	Ear Type	Planting Pop.	Test Wt	Early Plant Vigor	Stalk	Root	Drought Tolerance	Ear Ht	Plant Ht	Plant Health	Fall Intactness	Comments
RR 8637	VT2P	106	Semi-fix	29-39	VG	VG	VG	EX	G	Med	Tall	G	VG	Strong performance on light and dark soils. Very good early vigor with solid stalk and root strength. Will do quite well in drought conditions.
RR 8750	VT2P	107	Semi-fix	28-38	VG	VG	G	G	G	Med	Med-Tall	VG	VG	Outstanding yield potential under high management. Quite impressive plant health and intactness in the fall. Nice early vigor in the spring.
RR 8802	VT2P	108	Semi-flex	28-37	AVG	VG	G	VG	AVG	Med	Med	AVG	G	Very high yield potential and fast dry down. Performs best in the darker soils. Early seedling vigor is very good. Fall appearance and test weight are average.
RR 8825	VT2P	108	Semi-flex	28-36	G	VG	G	VG	G	Med	Med-Tall	VG	VG	Hybrid has semi-flex ears with consistent ear development and deep kernels. Nice fall appearance and intactness.
RR 9080	VT2P	110	Semi-flex	28-38	VG	EX	VG	EX	G	Med	Med	VG	VG	This hybrid has shown strong yield in dark and light soils. Very good general disease tolerance is coupled with nice stalk and root strength.
RR 9177	VT2P	111	Semi-flex	28-34	G	AVG	G	G	VG	Med	Med-Tall	G	G	Excels on lighter soils and has excellent drought tolerance. Workhorse hybrid with strong ear flex and yield consistency.
RR 9194	VT2P	111	Semi-flex	28-35	EX	VG	VG	VG	G	Med	Med-Tall	G	VG	Excellent test weight. Will perform in dark and light soils. Standability and disease tolerance are both very good.
RR 9239	VT2P	112	Semi-flex	28-38	VG	G	VG	G	VG	Med	Med-Tall	G	VG	Consistent performer across years with strong drought tolerance. Very good test weight and can hold up well in lighter soils.
RR 9128	VT3P	111	Semi-flex	28-35	VG	G	VG	VG	VG	Med	Tall	VG	VG	A do it all hybrid with very good test weight, drought tolerance, and an excellent disease package.
