

2018 **BUCKEYE** Field Day HYBRIDS

SOYBEAN COLLEGE

Tuesday, August 28th @ 6 P.M.

RIBEYES, PORK TENDERLOINS and Ice Cream

OSU Football Ticket Drawing!!

Order our "New" **Zeke Buckeye Wheat**
Very early wheat with High Yield, Test Weight & Disease Resistance

We want to invite you to our field day on Tuesday, **August 28th at 6pm**. This will be held in our Warehouse at 6300 Co. Rd. 65 Ada, OH 45810. We have speakers lined up to talk about a variety of soybean topics. To end the evening we will have a drawing for **OSU FOOTBALL TICKETS** and more.

As we enter the fall we hope that you will keep us in mind for your seed wheat needs. We are excited about our new "Zeke" wheat. A "must try" wheat for 2018!

ZEKE -NEW! - Very early variety that is ideal for double cropping soybeans. It has strong yield potential, nice test weight, very good head scab tolerance, and a good leaf disease package. Wheat that you can harvest in June.

BARRETT - This early smooth wheat is ideal for double cropping. It has an excellent disease package including best-in-class resistance to head scab. It has medium height with excellent standability making it a good candidate for high management.

HOSKET - Excellent grain and straw yield. Great disease package and adapts well to various soil types. Early maturity and baling potential make this a good option for livestock producers and farmers who want to double crop.

MEYER - This variety has great eye appeal. It has medium height with a smooth head. A great mid-season choice with very high yield potential, heavy test weight, and a nice disease package.

2018 Buckeye Hybrids Wheat Varieties

Variety	Retail Price/50# (Bulk)	Maturity	Standability	Head	Test Weight	Height	Disease	Head Scab	Winter Hardiness	Patented Variety
