BUCKEYE HYBRIDS is developing a strong reputation for our outstanding wheat variety performance.

WINFIELD – Very early variety with full-season yield potential. Excellent head scab tolerance (aka Fusarium Head Blight). Key product for double-cropping.

HARRISON – Early variety with a huge, smooth head. Has very high yield potential and excellent straw yield. Nice test weight and excellent head scab tolerance.

MEYER - Smooth head, medium maturity variety that has been our leading seller. Excellent head scab tolerance and standability. Good variety for spring manure applications. Nice straw yields.

PACE - Full season variety with aggressive tillering and ultra-high yield potential. Excellent standability and head scab tolerance. Topped our 2021 strip test at 106.6 bushels per acre!

2020-2021 Strip Test Results
