SOYBEANS

STS[®]
herbicide tolerant trait

HERBICIDE TOLERANCE(S)
Glyphosate, 2,4-D Choline, Glufosinate

» BIG ACRE type variety with stellar performance among late Group III's.

» Medium tall height and bush type branching that stands great and brings excellent versatility for variable soils.

» Very good Phytophthora and Frog Eye tolerance. G3970ES is a down right winner!

Plant Height	Medium Tall
Plant Branching	Bush
Pubescence Color	Light Tawny
Standability	Very Good
Emergence	Very Good
PRR Gene	Rps1c
PRR Tolerance	Very Good
Brown Stem Rot	No Gene
Sudden Death Syndrome	Very Good
Frog Eye	Very Good
White Mold	Average

	Optional Seed Treatments	Replant Policy
Buckeye Boost ST™ Ultra	\$8.25/unit	\$0/unit
Buckeye Boost ST™ Fungicide	Included	\$17/unit
Untreated		\$29/unit

RETURN POLICY

No return on treated or bulk soybeans.
Unopened bags of untreated soybeans must be returned by June 30 for full credit.

FINANCING

John Deere Financing available.
Non-John Deere Financing accounts will be charged 1.25%/month.

BUCKEYE
BOOST ST

Custom Soybean Blend

BENEFITS

Enhances fast emergence and stand establishment
Improves seedling health with systemic activity
Maximizes yield potential from day one
Protects against the key seedling diseases in Ohio

FEATURES

Proprietary blend of four systemic fungicides
Broad-spectrum
Multiple modes-of-action against key diseases

ENLIST[®] WEED CONTROL SYSTEM—

PROVEN CONTROL OF TOUGH WEEDS

Enlist Duo[®] and Enlist One[®] herbicides with Colex-D[®] technology are the only herbicides containing 2,4-D that are authorized for preemergence and postemergence use with Enlist E3[®] soybean crops.

2,4-D choline | Glyphosate | Glufosinate

Convenient proprietary blend of 2,4-D choline and glyphosate

The two sites of action work together to deliver control of yield-robbing weeds and help prevent resistance

Straight-goods 2,4-D choline with additional tank-mix flexibility

Provides additional tank-mix flexibility with Durango[®] DMA[®] herbicide, Liberty[®] herbicide and other qualified tank-mix products, allowing for a customized weed control program to fit each farm

On-Target Application

• 90% less drift than traditional 2,4-D

• 96% less volatile than 2,4-D ester

Product Use Statement: Enlist E3[®] soybeans contain the Enlist E3 trait that provides crop safety for use of labeled over-the-top applications of glyphosate, glufosinate and 2,4-D herbicides featuring Colex-D[®] technology when applied according to label directions. Following burn-down, the only 2,4-D containing herbicide products that may be used with Enlist[™] crops are products that feature Colex-D technology and are expressly labeled for use on Enlist crops. 2,4-D products that do not contain Colex-D technology are not authorized for use in conjunction with Enlist E3 soybeans.

Warning: Enlist E3 soybeans are tolerant of over-the-top applications of glyphosate, glufosinate, and 2,4-D. Accidental application of incompatible herbicides to this variety could result in total crop loss. When using 2,4-D herbicides, grower agrees to only use 2,4-D products that contain Colex-D technology authorized for use in conjunction with Enlist E3 soybeans. Always read and follow herbicide label directions prior to use.

YOU MUST SIGN A TECHNOLOGY AGREEMENT, READ THE PRODUCT USE GUIDE PRIOR TO PLANTING AND FOLLOW HERBICIDE RESISTANCE MANAGEMENT (HRM) REQUIREMENTS.

The transgenic event in the Enlist E3[®] soybean is protected under Corteva Agriscience and M.S. Technologies, L.L.C. Patent Rights which can be found at: www.corteva.us/Resources/trait-stewardship.html.

The transgenic event in the Enlist E3[®] soybean event in Enlist E3[®] soybeans is jointly developed and owned by Corteva Agriscience and M.S. Technologies, L.L.C. Enlist, Enlist E3, the Enlist E3 logo and Colex-D are trademarks of Corteva Agriscience and its affiliates.

SEED USE RESTRICTION AGREEMENT

This Seed Use Restriction Agreement (the "Agreement") applies to all users ("User(s)") of the seed ("Seed") contained in this package. If you purchase the Seed, you agree that you and any person or entity, including employees, representatives, contractors and agents thereof, who plant, grow, cultivate or otherwise use the Seed, will abide by these use restrictions. If you open or cause any person or entity to open a package of Seed, you agree that you accept the terms of this Agreement, and you, your employees, representatives, contractors and agents will abide by these use restrictions.

SEED USE AGREEMENT

M.S. Technologies, L.L.C. ("MS TECH") and its suppliers are engaged in the business of developing and supplying for sale various varieties and/or hybrids of Seed. MS TECH and its suppliers have a substantial investment and expended substantial effort in the development and production of this seed, and in the use of subsequent production of Seed. MS TECH and its suppliers have existing contractual relationships with other distributors for the sale of seed and expectations of additional contracts for sale of seed from such distributors in the future. The purchase of the Seed includes a limited license to produce a single crop under MS TECH property rights, including where applicable certain U.S. patents which can be found on the package and seed tags.

In consideration of the foregoing, and in consideration of the Seed that User has been sold or otherwise granted the right to use, User hereby acknowledges and agrees that the production from the Seed will be used only for feed or processing, and unless USER has an agreement for such purposes, Seed and plants produced from Seed will not be used or sold for seed, breeding, or any variety or hybrid development or improvement purposes; these restrictions apply to all plants produced from Seed, including without limitation variant and inbred plants and Seed that may be contained in this package or grow from Seed. User acknowledges MS TECH and its suppliers have a proprietary interest in the use of subsequent production from the Seed, and agrees it would be a violation of this Agreement to allow the subsequent production of the Seed to be used to create any seed variety or seed product from said production. Any export of this Seed or its progeny from the country of purchase is strictly prohibited, except that forage or grain may be exported solely for use in feeding or processing.

User agrees and acknowledges that any use of the Seed, which is forbidden by this Agreement will constitute a misappropriation of the property of MS TECH and its suppliers and will therefore result in a breach of this Agreement. User agrees that MS TECH and/or its suppliers may bring an action to recover damages as a result of the breach of this Agreement, along with reasonable attorney fees and costs associated with any action commenced in regard thereto. User further agrees that the exclusive venue for any dispute arising under this Agreement or in connection to any breach thereof shall be in the federal or state courts for Dallas County, Iowa, and hereby irrevocably consents to the personal jurisdiction of such courts. This Agreement shall be governed under the laws of the State of Iowa.

User agrees and acknowledges that any use of the Seed, which is forbidden by this Agreement, will damage MS TECH and its suppliers' legitimate expectation of future sales of seed, and any use of Seed in violation of this Agreement will constitute an attempt to intentionally injure or destroy MS TECH and its suppliers' prospective business expectations in future sales of seed.

User agrees and acknowledges that any use of Seed from MS TECH in violation of this Agreement will cause substantial damage to MS TECH and/or its suppliers, and that if subsequent production of the Seed is used to create a seed variety or seed product, substantial damage to MS TECH and/or its suppliers for all seed varieties or seed products thereby created will be caused. This Agreement shall not limit any other rights, legal or equitable, that MS TECH and its suppliers have but shall be accumulative.

User agrees to only use agricultural herbicide that are expressly labeled for use in conjunction with the Seed and have received government approvals as specified in a product use guide.

NOTICE OF REQUIRED ARBITRATION

Under the seed laws of several states arbitration, mediation or conciliation is required as a prerequisite to maintaining a legal action based upon the failure of seed to produce as represented. The consumer shall file a complaint along with the required filing fee (where applicable) with the Commissioner/Director/Secretary of Agriculture, Seed Commissioner, or Chief Agricultural Officer within such time as to permit inspection of the crops, plants or trees by the designated agency and the seller from whom the seed was purchased. A copy of the complaint shall be sent to the seller by certified or registered mail or as otherwise provided by state statute.

OTHER TERMS & CONDITIONS

For sale in the U.S. only, MS TECH assumes no responsibility for MS TECH's supplier's, distributor's or dealer's verbal and/or written claims, promises, warranties or actions which are contrary to MS TECH's normal operating policies. USER must notify MS TECH within fourteen (14) days of becoming aware of alleged issues regarding the quality or performance of the Seed.

LIMITATION OF WARRANTIES & DAMAGES

MS TECH warrants, to the extent of the purchase price and to the extent that the packaging and label have not been compromised, that the Seed is as described on the package and on the tag attached thereto within recognized tolerances. MS TECH gives no other WARRANTY, expressed or implied, of MERCHANTABILITY or FITNESS of the Seed for any particular purpose, nor any warranty against loss due to any cause, including environmental conditions, soil conditions, chemicals or farming practices, or the response of the Seed to any such conditions. MS TECH shall not be liable for incidental or consequential damages, including loss of profits. MS TECH'S LIABILITY for damages for any cause, including breach of contract, breach of warranty, and negligence, with respect to the sale of seed is LIMITED to the purchase price of the Seed. THIS REMEDY IS EXCLUSIVE. BY ACCEPTANCE OF THIS SEED OR OPENING THIS PACKAGE, USER ACCEPTS THE TERMS HEREIN. IF USER DOES NOT AGREE WITH THESE TERMS AND CONDITIONS, USER MUST RETURN THE ORIGINAL UNOPENED SEED PACKAGE TO MS TECH WITHIN TWENTY DAYS OF RECEIPT AND USER'S SOLE REMEDY SHALL BE FOR REFUND OF THE USER'S ORIGINAL PURCHASE PRICE. MS TECH may modify and amend the terms and conditions of this Agreement without notice and in its sole discretion.

MS TECH has utilized standard industry isolation and purity procedures in the production of seed products. Because of contamination factors beyond MS TECH's control, MS TECH cannot warrant or represent that MS TECH seed products are free of other transgenic corn traits or transgenic soybean traits. Words and phrases herein shall be construed as in the singular or plural number, according to the context.

05/19/20

G2550 E 2.5 RM

HERBICIDE TOLERANCE(S)
Glyphosate, 2,4-D Choline, Glufosinate

- » PROVEN 2.5 genetics with a tough, rugged plant type that brings IMPRESSIVE YIELDS.
- » Excellent standability and stress tolerance, well suited for all soil types.
- » Strong against Phytophthora and Frog Eye, **STRONG PERFORMER** the last three years!

Plant Height	Medium Tall
Plant Branching	Intermediate
Pubescence Color	Gray
Standability	Good
Emergence	Excellent
PRR Gene	No Gene
PRR Tolerance	Very Good
Brown Stem Rot	Resistant
Sudden Death Syndrome	Average
Frog Eye	Excellent
White Mold	Average

G2980 ES **NEW** 2.9 RM

STS®
herbicide tolerant trait

HERBICIDE TOLERANCE(S)
Glyphosate, 2,4-D Choline, Glufosinate

- » **NEW YIELD LEADER!** #1 release in the late Group II's with dominant two year yield performance.
- » Impressive in all yield environments, versatile placement for all soil types.
- » Good disease package and a **MUST PLANT** for Group II growers!

Plant Height	Medium Tall
Plant Branching	Intermediate Bush
Pubescence Color	Gray
Standability	Very Good
Emergence	Excellent
PRR Gene	No Gene
PRR Tolerance	Excellent
Brown Stem Rot	No Gene
Sudden Death Syndrome	Very Good
Frog Eye	Very Good
White Mold	Very Good

G3171 ES **NEW** 3.1 RM

STS®
herbicide tolerant trait

HERBICIDE TOLERANCE(S)
Glyphosate, 2,4-D Choline, Glufosinate

- » A MUST PLANT FOR 2024! Earlier RM and a yield upgrade over the stellar G3151E.
- » Spot on 3.1 maturity rating, position on all soil types, excellent Phytophthora for wetter soils.
- » A+ supreme standability. A BIG ACRE type variety that performs. Plant with confidence!

Plant Height	Medium Tall
Plant Branching	Intermediate
Pubescence Color	Gray
Standability	Excellent
Emergence	Very Good
PRR Gene	Rps1c
PRR Tolerance	Excellent
Brown Stem Rot	No Gene
Sudden Death Syndrome	Good
Frog Eye	Very Good
White Mold	Very Good

G3380 E **NEW** 3.3 RM

HERBICIDE TOLERANCE(S)
Glyphosate, 2,4-D Choline, Glufosinate

- » NEW genetics ranking #1 for versatility across all soil types, consistently at the top of the data sets.
- » Big time yielder with excellent agronomic ratings for SDS and Phytophthora.
- » Supply is limited so order early.

Plant Height	Medium +
Plant Branching	Bush
Pubescence Color	Gray
Standability	Very Good
Emergence	Excellent
PRR Gene	No Gene
PRR Tolerance	Excellent
Brown Stem Rot	Resistant
Sudden Death Syndrome	Very Good
Frog Eye	Good
White Mold	No Rating

G2671 E 2.6 RM

HERBICIDE TOLERANCE(S)
Glyphosate, 2,4-D Choline, Glufosinate

- » Elite genetics with an impressive yield bump and leader of the pack in the mid group 2's.
- » Matures quick for a 2.6 rating, clean attractive harvest appearance.
- » Awesome disease package with impressive SDS, Frog Eye, and root rot ratings. Position on all soil types.

Plant Height	Medium Tall
Plant Branching	Intermediate Bush
Pubescence Color	Gray
Standability	Very Good
Emergence	Excellent
PRR Gene	Rps1c
PRR Tolerance	Very Good
Brown Stem Rot	Resistant
Sudden Death Syndrome	Very Good
Frog Eye	Very Good
White Mold	Good

G3151 E 3.1 RM

HERBICIDE TOLERANCE(S)
Glyphosate, 2,4-D Choline, Glufosinate

- » One of our top performers last season. Impressive YIELD in elite Enlist E3® genetics.
- » Bred for eastern soil types with excellent Phytophthora and Frog Eye ratings.
- » Fast emergence and vigor plus tons of lateral branching. Adapted to most soil types.

Plant Height	Medium Tall
Plant Branching	Intermediate Bush
Pubescence Color	Gray
Standability	Good
Emergence	Excellent
PRR Gene	Rps1c
PRR Tolerance	Excellent
Brown Stem Rot	Moderately Resistant
Sudden Death Syndrome	Good
Frog Eye	Excellent
White Mold	Average

G3370 ES 3.3 RM

STS®
herbicide tolerant trait

HERBICIDE TOLERANCE(S)
Glyphosate, 2,4-D Choline, Glufosinate

- » Incredible agronomic strengths across the board, plus killer yield performance.
- » 3.3 to 3.4 maturity rating with excellent standability, wide branching and clean looking with great harvestability.
- » Awesome disease package with great ratings against root rots. Position on all soils and good for wet feet.

Plant Height	Medium Tall
Plant Branching	Intermediate Bush
Pubescence Color	Light Tawny
Standability	Very Good
Emergence	Very Good
PRR Gene	Rps1k
PRR Tolerance	Very Good
Brown Stem Rot	Resistant
Sudden Death Syndrome	Excellent
Frog Eye	Very Good
White Mold	Average

G3760 ES 3.7 RM

STS®
herbicide tolerant trait

HERBICIDE TOLERANCE(S)
Glyphosate, 2,4-D Choline, Glufosinate

- » A MUST PLANT FOR 2024! #1 tested line two years running, tons of first place and top five summary finishes.
- » Matures quickly for a 3.7 rating with gorgeous fall appearance and harvestability, excellent standability.
- » A+ rated disease package, one of our best on SDS and Frogeye Leaf Spot.

Plant Height	Medium Tall
Plant Branching	Intermediate Bush
Pubescence Color	Light Tawny
Standability	Very Good
Emergence	Very Good
PRR Gene	Rps1k
PRR Tolerance	Very Good
Brown Stem Rot	Resistant
Sudden Death Syndrome	Excellent
Frog Eye	Very Good
White Mold	Average
